

Congress of the United States
Washington, DC 20515

April 7, 2014

The Honorable Gina McCarthy
 Administrator
 U.S. Environmental Protection Agency
 1200 Pennsylvania Avenue NW
 Washington, D.C. 20460

Dear Ms. McCarthy,

The House Committee on Oversight and Government Reform (OGR) and the Senate Committee on Environment and Public Works (EPW) are engaged in a joint investigation into the details surrounding the fraudulent conduct of convicted felon and former Environmental Protection Agency senior official John Beale. Most recently, EPW minority staff issued a memorandum¹ as well as a report, *EPA's Playbook Unveiled: A Story of Fraud, Deceit, and Secret Science*,² that details how profoundly another former EPA senior official, Robert Brenner, was entangled in Beale's misconduct. These findings were in part based on testimony Brenner provided at the OGR hearing *Secret Agent Man? Oversight of EPA's IG Investigation of John Beale*,³ as well as an OGR staff deposition of Beale.⁴ Throughout our joint investigation, evidence strongly suggests that Brenner facilitated Beale's fraud. For this reason, we respectfully request EPA's full cooperation with our joint investigation.

The need for Congress to investigate the exact nature of Brenner's role is underscored by the fact that he has so far refused to cooperate with the EPA Office of Inspector General (OIG) and declined to respond to a request for information from EPW's Ranking Member.⁵ More troublingly, we have evidence that suggests Brenner — whom then-EPA Administrator Lisa Jackson awarded a Distinguished Career Service Award⁶ —

¹ Memorandum from Republican Committee Staff to Republican Members, S. Comm. on Env't & Pub. Works, Additional Facts Regarding EPA Negligence in Responding to Beale Fraud (Robert Brenner) (Feb. 6, 2014) (on file with Committee).

² S. COMM. ON ENV'T & PUB. WORKS MINORITY STAFF, *EPA'S PLAYBOOK UNVEILED: A STORY OF FRAUD, DECEIT, AND SECRET SCIENCE* (2014), available at http://www.epw.senate.gov/public/index.cfm?FuseAction=Files.View&FileStore_id=b90f742e-b797-4a82-a0a3-e6848467832a.

³ *Secret Agent Man? Oversight of EPA's IG Investigation of John Beale: Hearing Before the H. Comm. on Oversight & Gov't Reform*, 113th Cong. (Oct. 1, 2013).

⁴ Transcript of John C. Beale Deposition, H. Comm. on Oversight & Gov't Reform, 113th Cong. (Dec. 19, 2013), available at <http://oversight.house.gov/wp-content/uploads/2014/01/Beale-Deposition.pdf>.

⁵ See Letter from Justin Shur to Republican Staff, S. Comm. on Env't & Pub. Works (Nov. 8, 2013).

⁶ See PANEL BIOGRAPHIES: ROBERT D. BRENNER, EPA'S CARE PROGRAM 100TH GRANT CELEBRATION PARTNERSHIP PANEL BIO SKETCHES (2011), available at <http://www.epa.gov/care/documents/2011Panelbios.pdf>.

provided false testimony before Congress when he discussed his reasons for recruiting and hiring Beale.⁷

Despite his lack of cooperation, the Committees have learned of several key damaging facts that implicate Brenner with Beale's misconduct. Brenner hired Beale at an outrageously high salary — the highest possible salary for a General Schedule employee — despite Beale's admitted lack of environmental policy experience.⁸ We also know that Brenner nominated Beale for two retention incentive bonuses that led to overpayments totaling at least \$573,364.60.⁹ It also appears the documentation Brenner submitted for these bonuses contain materially false information to which Brenner attested.¹⁰ Additionally, Brenner recommended Beale for the promotion to Senior Leader that eventually elevated Beale's salary to exceed the statutory threshold for employees at his pay grade.¹¹ In each of these instances, Brenner's actions facilitated Beale's fraud.

Moreover, we have learned that Brenner often corroborated Beale's lies. For example, when a former Deputy Assistant Administrator for the Office of Air and Radiation asked Brenner questions about Beale's absence and alleged poor health, Brenner would assert that Beale would be in the next day.¹² In light of these troubling facts, it appears Beale could not have accomplished his crimes without Brenner's assistance.

Given Brenner and Beale's close and troubling relationship during their long tenures at EPA, documents currently in the EPA's possession are crucial to the Committees' ability to get to the bottom of the Beale matter. Accordingly, the Committees request that the EPA produce all of Brenner's documents that refer or relate to Beale created between time Beale was first hired in November 1987 and Brenner's retirement in August 2011. We also request that EPA produce all correspondence between Brenner and Beale that occurred during that same time period. Given your representations to the EPW Committee of having "no[]" hesitation "at all" about cooperation with our investigation of the Beale matter¹³ and Deputy Administrator Perciasepe's willingness to "expedite" document productions to the OGR Committee in the Beale matter,¹⁴ we expect your cooperation in promptly fulfilling this request, and producing the requested documents no later than April 23, 2014.

⁷ See EPA's PLAYBOOK UNVEILED, *supra* note 2, at 2–6.

OFFICE OF CONGRESSIONAL AND
INTERGOVERNMENTAL RELATIONS

The Honorable Darrell Issa
Chairman
Committee on Oversight and Government Reform
U.S. House of Representatives
Washington, D.C. 20515

Dear Mr. Chairman:

I am writing in response to your letter of April 7, 2014, in which you requested "all of [former EPA employee Robert] Brenner's documents "that refer or relate to [John] Beale created between [the] time Beale was first hired in November 1987 and Brenner's retirement in August 2011" and "all correspondence between Brenner and Beal[e] that occurred during that same time period."

The EPA has initiated the process of locating, collecting, and reviewing the documents you have requested. Although this process is ongoing, the EPA has identified a set of responsive documents that we are providing with this letter. The EPA expects to make productions of responsive documents on a rolling basis as we have processed them.

If you have further questions, please contact me, or your staff may contact Tom Dickerson in my office at dickerson.tom@epa.gov or (202) 564-3638.

Sincerely,

A handwritten signature in black ink, which appears to read "Laura Vaught", is written over the typed name.

Subject Next Week

Here is what next week and thereafter looks like for me.

Mon and Thurs I will have to be out in VA so will not be driving in to EPA. I will be driving in (so we can car pool) on Tues, Wed and Friday. I have no idea what *ex-le* plans are, nor does she in my opinion.

I am free for lunch Tues if you want me to join you and *ex-le* I don't have any need to so it is truly great with me if you would prefer a one on one with her.

As things look now I will need to do an international trip beginning sometime next weekend. Duration unclear. Probably one to two weeks.

Of course all of the above could change anytime.

Thanks again for FN. Have a great brunch.

Subject Star Trek

RB

Heading back to DC soon. If all goes well should get home sometime Mon.

I am hearing good things about the prequel. If you haven't already seen it would you have any interest in seeing it some time this coming week?

Subject: Saturday

Hi

Looks like Saturday afternoon will work for John and Nancy if it still works for you. I'm suggesting that we could get together at the Quarter Deck Inn, which is a casual seafood restaurant in Arlington, pretty close to the Memorial Bridge. We're also open to other suggestions if there is some place else you want to try. 5:00 or so would be a good time for us.

Unfortunately, it looks like this will be another work weekend for the OPAR alums up on the Hill. But I'll invite Steve Cochran if this all comes together.

Hope to see you Saturday,

Rob

To OIA-EVERYONE
cc DRA, DAA, Michael Stahl/DC/USEPA/US@EPA
Subject New Director of OIA's Office of Western Hemisphere and
Bilateral Affairs

I am pleased to announce that Mike Stahl, who currently serves as the Director of the Office of Compliance in OECA, has been selected as the new Director of our Western Hemisphere and Bilateral Affairs office in the wake of Joan Fidler's retirement. Assuming the successful completion of our pending reorganization, Mike will then lead OIA's new Office of Regional and Bilateral Affairs.

Beginning his Federal career in 1980 at the Consumer Product Safety Commission, Mike has worked at EPA for 25 years in a variety of management positions and program offices. From 1985 - 1994, Mike served as a Section Chief, Branch Chief, Division Director and the Director of the Office of Compliance Monitoring in OPPTS. He was thereafter appointed Deputy Assistant Administrator for OECA and served in that position for six years. In 1999 he became the Director of OECA's Office of Compliance. In his current position, Mike is one of the Agency's senior officials responsible for directing EPA's programs to assure compliance with the nation's environmental laws and regulations. He has earned a Presidential Rank Award for Meritorious Service, one of the highest honors that can be awarded to a career federal executive.

Mike has also been active in the Agency's international portfolio, where he has directed or participated in international projects and missions under the auspices of USAID, the State

Department, the World Bank, OECD, and the International Network for Environmental Compliance and Enforcement. He has conducted capacity-building workshops in compliance and enforcement program design and performance measurement in numerous countries. His knowledge and experience in strategic planning, program management and performance measurement will be a valuable asset as we move forward with the work of the new OIA.

On a personal note, I worked with Mike for a number of years in OECA in the mid-1990s. He is, in my view, among the Agency's most capable and effective leaders. I am delighted that he will be joining us.

Mike is scheduled to start with us on May 19. Please join me in congratulating Mike on his new appointment with OIA and in offering him a warm welcome.

Hi John,

I expect you have a pretty busy week coming up, but it would help me a lot if we could find time to talk about how things are shaping up.

Dinner one night this week or breakfast Thursday or Friday would work for me. Or we could just try to find some time when you're in on Wednesday.

We could also talk by phone next week if it's too hard to fit everything in this week. But hopefully once you get out of here next weekend, you'll be able to escape all this stuff for a couple weeks.

Thanks RB. Sorry about this weekend. Sounds like you and *Ex. 6* will be quite the social butterflys. That's great.

I should have Sat off. Have to work Sun and Mon. Should get back to DC Tues morning for a few days and then off on what I hope will be my last trip.

Have a great weekend. Say hi to *Ex. 6*. Hope to see you Tues/Wed.

Hi John,

Sorry, Saturday *Ex. 6* doesn't work for us. We're invited to Tamara Saltman's wedding that night. And we're having dinner with *Ex. 6* on Sunday.

So I guess we'll have to try again next weekend. I hope you'll get some time for R and R the next couple days.

Sorry for another round but...Sunday works fine for me but *Exile* cannot make it. That's ok.

Sat does not work for us. And tonight works for us although *Exile* would be late and may not make it at all depending on her work.

Complicated and uncertain probabilities.

Unless things have changed for you I suggest we leave it at Sunday...more for us is always a fine guiding principle.

Hi John,

Barb suggested we have dinner tonight at a place that seems perfect for you and me: Joe's Gourmet Burgers (on Old Dominion in McLean). She said it's a small place with laminated menus--great burgers and fries, chicken sandwiches, and wings. I can't believe she's held out on us all this time! (But since it's McLean, they also have Kobe beef and Ostrich burgers in addition to real ones).

Seems like the perfect spot for a birthday dinner. Can we pick you up after my appointment with Davis? It would be about 6:30 or a bit earlier.

Dear Friends and Colleagues,

I am writing to let you know that I will be leaving the Portland Cement Association on November 1 to join the American Chemistry Council as the Senior Vice President, Advocacy. While it is hard to leave PCA at this time, I could not pass on this opportunity and I am looking forward to joining Jack Gerard and his team at ACC

I am sure we will be in touch once I settle in at ACC.

Best, Tom Gibson

Subject Breakfast

Hi John,
How about this: we're leaving at 7:30 on Wednesday. Would you like to buy me a birthday breakfast before then? I could meet you at the diner at 6:15. If that's too early we can keep trying to work out something else.

Rob

Subject Breakfast

Hi John,

It turns out my mornings this week are more complicated than I thought. But tomorrow (Tuesday) would work and I could probably make Thursday work too. Are either of those mornings ok for you?

Subject Breakfast or dinner

Hi John,

I expect you have a pretty busy week coming up, but it would help me a lot if we could find time to talk about how things are shaping up.

Dinner one night this week or breakfast Thursday or Friday would work for me. Or we could just try to find some time when you're in on Wednesday.

We could also talk by phone next week if it's too hard to fit everything in this week. But hopefully once you get out of here next weekend, you'll be able to escape all this stuff for a couple weeks.

Subject Breakthrough Technology

Hi John,

Ben Hengst is very interested in the "breakthrough technology" issues we discussed. And his John's Hopkins advisor has written a lot on the topic. Ben would very much like to talk to us about it.
So thanks for a very good idea!

Take care,

Rob

Subject Dinner

Hi John,

Dinner tonight at 6:30 would work great for us. Let's see this afternoon if you and  are feeling up to it.

Take care,

Rob

Subject Dinner

Hi John,

exile asked if I could meet with her when she is in town late Monday.
I told her I would check.

So would it work for you to have breakfast on Monday or Tuesday, or dinner on Tuesday? Any of these would work fine for me.

Subject Friday

Hi John,

I think we tentatively talked about dinner tomorrow night. We're still up for it if you're able to do it.

Take care,

Rob

Subject Friday

Hi John,

E.U. and I have a dinner invite for Friday night--but our first choice is Battlestar and Thai food with you
and *E.U.* Are you two able to do it this week?

Subject Friday night

Hi John,

If you and *John* are around this weekend, we could do Friday night either tonight or Sunday night.

Take care,

Rob

Subject Friday night

Hi John,

I'm guessing it's touch and go for tomorrow night. Do you want to let us know at mid-day tomorrow?

I hope it works, but if it doesn't we'll hope you get freed up before too long.

Take care,

Rob

Subject Friday night?

Hi John,

Are you up for Friday or Saturday night? We could do either if you're available. (A tentative yes is ok--and we can see how today or tomorrow goes.)

Subject Friday night?

Hi John,

It's Thursday night and I'm realizing I forgot to check in with you re Friday.
Are you and *g.c.* up for dinner tomorrow (or Saturday).

Subject Sorry I missed your call

Hi John,

It was good to hear that you've had a good couple weeks up at the Cape.

Don't worry about the office--OAR is doing surprisingly well. The offices are working well together on fuels, vehicles, stationary sources, and economics. The options selection/mtgs with the Administrator have been pushed back a week to early October.

Not surprisingly though, the inter-agency process is not going well. As usual, each Agency is focussed on their own interests and it's not clear who will end up calling the shots. But it's not likely even you could do much about that!

Back and I will be at the beach the week of the 10th, but hopefully both you and we will be in town that following weekend.

Take care,

Rob
